

INTEGRATED MANAGEMENT SYSTEM POLICY

Quality, Environment, Occupational Health & Safety Management systems

Policy Statement

Aquaness Chemicals LLC are one of the leading suppliers of oilfield engineered chemicals in the MEAP region. We offer business solutions through a wide range of highly specialized and innovative performance chemicals used in upstream oilfield operations (drilling, cementing, production and water treatment) all sourced and co-developed in partnership with the world's leading manufacturers.

We are committed to conduct our operations in line with the ISO 9001:2015 (Quality), ISO 14001:2015 (Environment), ISO 45001:2018 (Occupational Health and Safety) ISO 29001:2020 (Petroleum, petrochemical and natural gas) Management Systems.

We, at Aquaness Chemicals shall strive to::

1. Provide quality and cost-effective products to our customer as well as a flexible, personal and rapid response to customer requirements and timely completion of projects, Customer Satisfaction.
2. Address internal & external issues relevant to our scope of work and follow a risk-based approach for our process.
3. Comply with all applicable legal & other requirements related to Quality, environmental, OHSMS.
4. Prevent and control pollution, minimize consumption of resources and generation of waste through adoption of better practices and technology.
5. Provide safe and healthy work environment through adoption of best practices and technology for prevention of incidents to employees, our neighbors & environment.
6. Ensure consultation and participation of workers to eliminate hazards and reduce Occupational risks to improve the OHSMS.
7. Ensure that system is in place, updated and continually improved through regular monitoring as culture of organization.
8. Create awareness / communicate amongst employees & relevant interested parties about this policy, significant environmental aspects & impact, OHSMS risks, opportunity and control measure.
9. Identify, correct and prevent non-conformance and risks related to Quality, Health & Safety and environment.
